

## LIST OF POSTERS

Last name	First name	Title of poster	# poster
<b>AHABWE</b>	Francis	Does social style shape working memory? A comparative test in two macaque species	<b>P-01</b>
<b>ANDREWS</b>	Rupert	Deploying high-resolution tracking to study lunar effects on grey mouse lemur movement ecology in Madagascar	<b>P-02</b>
<b>BARNES</b>	Paige	Bearded capuchins ( <i>Sapajus libidinosus</i> ) spontaneously use tools on novel extractive foraging task that requires behaviours outside of their natural repertoire	<b>P-03</b>
<b>BEAUDOING</b>	Zoé	Repeatability in problem-solving performance in wild grey mouse lemurs ( <i>Microcebus murinus</i> )	<b>P-04</b>
<b>BELLI</b>	Elena	Through their eyes: the role of gaze in social interactions during marmoset ( <i>Callithrix jacchus</i> ) ontogeny	<b>P-05</b>
<b>BENTI</b>	Benjamin	Interactive playback possibly hints at intentionality in the contact calls in Japanese macaques <i>Macaca fuscata</i>	<b>P-06</b>
<b>BÖHM</b>	Pia Marlena	More than a touch: non-conceptive sexual stimulation in Japanese macaques ( <i>Macaca fuscata</i> )	<b>P-07</b>
<b>BOLECHOVA</b>	Petra	When grooming doesn't pay: food-sharing in Lar Gibbons	<b>P-08</b>
<b>BONNALD</b>	Julie	Longitudinal analysis of reproductive parameters in captive female Guinea baboons ( <i>Papio papio</i> )	<b>P-09</b>
<b>BOOT</b>	Max	Examining the spontaneous stone handling and grip types in bonobos ( <i>Pan paniscus</i> ), macaques ( <i>Macaca</i> spp.), capuchins ( <i>Sapajus</i> spp.) and drills ( <i>Mandrillus leucophaeus</i> )	<b>P-10</b>
<b>BRISÉÑO JARAMILLO</b>	Margarita	Social coordination determines success in howler monkey vocal contests	<b>P-11</b>
<b>BRÜCKNER</b>	Fynn Christopher	More than a greeting: social meaning of male-male interactions in bonnet macaques ( <i>Macaca radiata</i> )	<b>P-12</b>
<b>CABIN</b>	Mona	Characterizing the social ageing phenotype of wild mandrills	<b>P-13</b>
<b>CIARCELLUTI</b>	Giulia	From choice to practice: validating a rapid dietary preference and reinforcement assessment in captive great apes	<b>P-14</b>
<b>CORREIA-CAEIRO</b>	Catia	BabyApeFACS: an observation tool to measure facial movement in infant great apes	<b>P-15</b>
<b>COSTA</b>	Teresa	Primate conservation through pig pastoralism: a novel approach for restoring forest connectivity	<b>P-16</b>
<b>CRAILSHEIM</b>	Dietmar	Physiological stabilization and social dynamics during the rehabilitation of a confiscated chimpanzee in a rescue center	<b>P-17</b>
		Dietary reformulation toward higher fibre and lower sugar intake elicits population-specific gut microbiome responses in captive housed chimpanzees and bonobos	<b>P-18</b>
<b>DE SCHEEMAEKERE</b>	Clémence	Contextual variability of emotional vocalisations in vervet monkeys ( <i>Chlorocebus pygerythrus</i> ) and evolution of vocalisations on vervet babies	<b>P-19</b>
<b>DINET-DUMONTET</b>	Laurie	Temporal organisation of vocal sequences in wild and captive bonobos	<b>P-20</b>
<b>DRUMMOND-CLARKE</b>	Rhianna	Rock climbing in wild chimpanzees: quantifying locomotor plasticity and biomechanical adaptations in rugged terrain	<b>P-21</b>
<b>FAIVRE</b>	Manon	Effects of touchscreen cognitive testing on the behaviour of two orangutans ( <i>Pongo pygmaeus</i> )	<b>P-22</b>
<b>FERRAND</b>	Lalie	Temporal activity patterns of primates at fruiting <i>Virola</i> trees in French Guiana rainforests	<b>P-23</b>
<b>GALEONE</b>	Deborah	Flexible apes: individual variation in multimodal communication of Sumatran orangutans	<b>P-24</b>
<b>GORDON</b>	Irene	Social affiliation and the lack of yawn contagion in Western gorillas ( <i>Gorilla gorilla</i> )	<b>P-25</b>
<b>GUERILLON</b>	Ayrton	How reward and probability magnitudes influence economic choices in humans and non-humans primates?	<b>P-26</b>
<b>HAILIE</b>	Yibelu Y.	Age-related variation in allo-parental behavior toward infants in ethiopian primates (Ongoing Project)	<b>P-27</b>

<b>HERNANDEZ-AGUILAR</b>	R. Adriana	Monitoring anthropogenic activities in western chimpanzee habitat at Dindefelo, Senegal	<b>P-28</b>
<b>HRADEC</b>	Michal	Juggling-like behavior in captive northern white-cheeked gibbons ( <i>Nomascus leucogenys</i> ) and southern yellow-cheeked gibbons ( <i>Nomascus gabriellae</i> )	<b>P-29</b>
<b>ISLAM</b>	Mareesa	Variation in chimpanzee call combinations across two captive populations	<b>P-30</b>
<b>JAATSI</b>	Aleksandra	Exploring the relationship between emotional valence and facial temperature patterns in Barbary macaques using infrared thermography	<b>P-31</b>
<b>JAMET</b>	Mathilde	Does reproductive control predict male use of coercive or cooperative mating tactics?	<b>P-32</b>
<b>JOLY-MASCHERONI</b>	Ramiro	When androids make chimpanzees yawn: Evidence for artificial cross-agent yawn contagion	<b>P-33</b>
<b>KLEIN</b>	Harmonie	Better preparing the next generation for the fieldwork realities	<b>P-34</b>
<b>KÜCKLICH</b>	Marlen	The role of chemical cues for advertising female fertility in primates	<b>P-35</b>
<b>LEVRERO</b>	Florence	Shared sensitivity to emotional vocal roughness across Hominidae	<b>P-36</b>
<b>LEWIS</b>	Laura	Attentional mechanisms of social influence on food choices in primates	<b>P-37</b>
<b>MARISSAL</b>	Laura	Social relationship factors shaping communicative coordination of social action in chimpanzees	<b>P-38</b>
<b>MATA</b>	Mario	Genetic integration of cranial and mandibular regions associated with temporalis muscle attachments in a pedigreed baboon colony	<b>P-39</b>
<b>MEIER</b>	Denise	Variation in Toll-like receptor genes in howler monkeys using a newly assembled <i>Alouatta pigra</i> genome	<b>P-40</b>
<b>NEANT</b>	Sabine	3D kinematic analysis of quadrupedal walking in olive baboons ( <i>Papio anubis</i> ): postural and gait adjustment on substrates of varying sizes	<b>P-41</b>
<b>NIEDERBREMER</b>	Carolin	Is copulation call production in female Guinea baboons linked to competition over males?	<b>P-42</b>
<b>OPRENI</b>	Fabio	Pragmatic inference in chimpanzee communication: a probabilistic approach	<b>P-43</b>
<b>ORIENT</b>	Ester	Instantaneous scan sampling as a reliable method to assess social structure in chimpanzees ( <i>Pan troglodytes</i> )	<b>P-44</b>
<b>PADILHA LEMES</b>	William	Contagious yawning and scratching in captive lemurs	<b>P-45</b>
<b>PARIS</b>	Meriem	Foraging strategies toward predictable resources in a group of captive bonobos ( <i>Pan paniscus</i> ).	<b>P-46</b>
<b>PARKE</b>	Stacy-Anne	Tissue-regulation of fertility signals in female baboons	<b>P-47</b>
<b>PEREZ</b>	Pauline	Influence of the context on value-based decision-making in rhesus-macaques': evaluating range adaptation in a choice task	<b>P-48</b>
<b>PERROT</b>	Amira	Substrate properties influence spatiotemporal parameters of arboreal locomotion in free-ranging bonobos ( <i>Pan paniscus</i> )	<b>P-49</b>
<b>PRATAP KADAM</b>	Sanjana	Temporal dynamics of attentional capture in chimpanzees	<b>P-50</b>
<b>RODRIGUEZ AYUSO</b>	Pablo	Dominance in the Dark: diurnal and nocturnal agonistic behavior in sanctuary-housed chimpanzees ( <i>Pan troglodytes</i> )	<b>P-51</b>
<b>ROIG</b>	Anthony	Many faces of uncertainty: risky choices across five primate species	<b>P-52</b>
<b>ROIG</b>	Anthony	Not worth the candle: Intentional errors in macaques during a self-ordered spatial search task	<b>P-53</b>
<b>STOLLA</b>	Judit	No transfer between object and picture discrimination learning in Guinea baboons ( <i>Papio papio</i> )	<b>P-54</b>
<b>TEIXEIRA</b>	Helena	Past demographic fluctuations of Malagasy mouse lemurs inferred from whole-genome sequences	<b>P-55</b>
<b>VAN NOORDWIJK</b>	Maria A.	Historical movement maps reveal species-specific ranging ecology and habitat selection among sympatric primates in a tropical forest	<b>P-56</b>
<b>VANDERHEYDEN</b>	Melissa	Birth synchrony among kin in free-ranging domestic dogs	<b>P-57</b>
<b>VAUGHAN</b>	Luca	Diet composition and foraging behaviours of free-ranging urban rhesus macaques <i>Macaca mulatta</i>	<b>P-58</b>

<b>VERACINI</b>	Cecilia	Non-human primates in the public eye: visitor perceptions at a portuguese safari park	<b>P-59</b>
<b>WAGNER</b>	Irina	Paternal investment and mating behaviour in wild Chacma baboons	<b>P-60</b>
<b>WEGDELL</b>	Franziska	Plasticity in vocal communication: wild-captive contrasts in bonobos	<b>P-61</b>
<b>YAMAMOTO</b>	Shinya	«Unwilling» versus «unable»: understanding chimpanzees' restrictions in cognition and motivation	<b>P-62</b>
<b>YASAR</b>	Clément	Developing a video-on-demand platform for cognitive and emotional enrichment in non-human primates	<b>P-63</b>
<b>YEOW</b>	Hanling	Using a modified Frith-Happé animations test to study mental state attribution in great apes	<b>P-64</b>
<b>Task Group of the EDI Committee of the EFP</b>		<b>Genre in Primatology</b>	<b>P-65</b>
