2016 ESLAV-ECLAM

Annual Scientific Meeting on Animal Welfare

From 15 to 18 November 2016 - Berges du Rhône campus - LYON, France

Tuesday 15 November

- 17:00-17:15** **Welcome address** Amphitheatre
José Manuel Sanchez-Morgado, ESLAV President,
Anne-Dominique Degryse, ECLAM Past President and Program Chairs
-
- SESSION 1** Amphitheatre
- 17:15-18:45** **Why should we care about animal welfare?**
Chairs: Anne-Dominique Degryse (LD Mirabel, France) &
José Manuel Sanchez-Morgado (Trinity College Dublin, Ireland)
- 17:15-17:45** • **The science of animal welfare: a brief history**
Donald Broom (University of Cambridge - UK)
- 17:45-18:15** • **Animal ethics and welfare: how do we change attitudes to animals?**
James Serpell (University of Pennsylvania - USA)
- 18:15-18:45** • **OIE standard setting process in animal welfare: the principles and procedures**
Leopoldo Stuardo (World Organisation for Animal Health - France)
-
- 19:00** **Welcome Cocktail** Salle de réception

Wednesday 16 November – Morning

SESSION 2

Amphitheatre

08:30–12:00 Understanding animal needs

Chairs: Dominique Autier-Dérian (Animal Welfare Consulting, France) & Nicolas Dudoignon (Sanofi R&D, France)

08:30–08:50 • Ethology applied to animal welfare improvement

Dominique Autier-Dérian (Animal Welfare Consulting – France)

08:50–09:10 • The mental states and emotions of animals, an illustration in farm ungulates herbivores

Xavier Boivin (Inra – France)

09:10–09:30 • Taking into account sensory abilities to improve animal welfare

Birte L. Nielsen (Inra – France)

09:30–09:50 • Taking into account early rearing experiences to improve animal welfare

Cathy Dwyer (Scotland's Rural College – UK)

09:50–10:10 • Taking into account cognitive abilities to improve animal welfare: a focus on memory systems in human and animals

Aline Marigehitto (Inserm Magendie – France)

10:15–11:00 Coffee break – Visit of exhibition – Poster session

Salle de réception

11:00–11:20 • A mouse is not a small rat: taking into account differences between species to improve animal welfare

Christina Winnicker (Columbia University – USA)

11:20–11:40 • Taking into account the needs of genetically engineered animals to improve animal welfare

Silvia Mandillo (CNR – National Research Council – Italy)

11:40–12:00 • The challenges of aquatic animal welfare

Howard Browman (Institute of Marine Research – Norway)

12:15–13:15 Lunch – Coffee – Visit of exhibition – Poster session

Salle de réception

Wednesday 16 November - Afternoon

SESSION 3

Amphitheatre

13:20-15:50 **Measuring animal welfare in different situations**

Chairs: Paolo Dalla Villa (IZSAM, Italy) & Paul Flecknell (Newcastle University, UK)

- 13:20-13:40 • **Assessment of animal welfare in agricultural settings**
Alice de Boyer des Roches and Isabelle Veissier (VetAgro Sup - France)
- 13:40-14:00 • **Animal welfare in a companion animal - shelter setting**
Paolo Dalla Villa (IZSAM - Italy)
- 14:00-14:20 • **Animal welfare in a companion animal - human domestic setting**
Sarah Heath (Behavioural Referrals - UK)
- 14:20-14:40 • **The EU Zoo Inquiry - Daniel Turner (Born Free Foundation - UK)**

14:40-15:10 **Coffee break - Visit of exhibition - Poster session**

Salle de réception

Offered by 

- 15:10-15:30 • **Animal welfare science in a laboratory setting**
Huw Golledge (Universities Federation for Animal Welfare - UK)
- 15:30-15:50 • **Pain assesment (in a laboratory setting) - Paul Flecknell (Newcastle University - UK)**

16:00-17:15 **Short oral communications**

Amphitheatre

Chairs: Delphine Denais-Laliève (IRSN - France) & Samuel Vidal (VetAgro Sup - France)

- **The dilemma of crate height for turkeys during transportation: can freedom of movement improve or impair animal welfare? - Guido Di Martino (IZSve - Italy)**
- **Variation of a temperature-humidity index in the truck transporting sows to slaughter - Charlotte Gaillard (Aarhus University - Denmark)**
- **Non-invasive method to study cortex activity in free moving animals**
Matteo Chincarini (Università degli Studi di Teramo - Italy)
- **The challenges in establishing HEP in laboratory swine**
Francesca Barone (University of Bologna - Italy)
- **Refinement in NHP models: An innovative automated tool to assess cognitive abilities in group-housed macaques - Helen Beyer (Silabe - France)**
- **Animal abuse and domestic violence - Dominique Autier-Dérian and Marie-José Enders-Slegers (Faculty of Psychology and Educational Sciences of Heerlen - The Netherlands)**
- **Working together to implement a culture of care**
Kirsty Reid (Eurogroup for animals - Belgium)
- **Rehoming laboratory animals: a main asset to increase animal welfare but also increase workers well-being - Amélie Romain (Association GRAAL - France)**

17:20-18:30 **ESLAV AGM**

Amphitheatre

19:30 **Dining cruise**

Hermès, Lyon City Boat

Thursday 17 November

SESSION 4

Amphitheatre

08:30-12:45 **Human attitudes towards animal welfare - Conclusion and perspectives**

Sponsored by 

Chairs : Marilyn Brown (Charles River Laboratories - USA) & Anne-Dominique Degryse (LD Mirabel, France)

08:30-08:50 • **Who owns animal welfare?**
Kathryn Bayne (aaalac International - USA)

08:50-09:10 • **Creating a culture of care**
Marilyn Brown (Charles River Laboratories - USA)

09:10-09:30 • **The role and the responsibility of the veterinary surgeon in promoting animal welfare**
Rafael Laguens (Federation of Veterinarians of Europe - Belgium)

09:30-09:50 • **Well-being at work and animal welfare**
Thomas Lilin (Alfort Vet School - France)

09:50-10:20 • **New insights in animal welfare science**
David Fraser (University of British Columbia - Canada)

10:20-11:00 **Coffee break - Visit of exhibition - Poster session**

Salle de réception

11:00-11:30 • **Panel discussion: The look of animal welfare in the future, from different perspectives**
Representatives from the scientific community, the authorities and stakeholders organisations

11:30-12:45 • **Embracing animal welfare (end of plenary sessions)**
Jose Manuel Sanchez-Morgado, ESLAV President, Anne-Dominique Degryse, ECLAM Past President and Program Chairs

13:00-14:00 **Lunch - Coffee**

Atrium - Level 0

14:00-17:30 **Workshops Part 1. Theory**

Parallel workshops organised by species (horses, dogs, pigs, cattle, captive wild fauna, rodents...) to cover: applicable regulations, animal welfare assessment tools, critical issues, preparation for the visits

17:30 **Free time in Lyon**
