

## PROGRAM - WEDNESDAY 16 MAY

07:45-08:30	<b>Registration and Welcome coffee</b>	<i>Hall d'Honneur (Bât. 9)</i>
08:30-08:45	<b>Official Welcome</b> <i>(Officials from partner organisations and financial support)</i>	<i>Amphi. 206 (Bât. 9)</i>
	<b>Objectives of the forum</b> <i>M. Peyre (Cirad, France) and T. Baldet (Cirad, France)</i>	
08:45-09:15	<b>Keynote - Innovation and health surveillance: what can we learn from management science on innovation</b> - G. Faure (Cirad, France)	
09:15-11:15	<b>SESSION 1 - Integrated surveillance</b> <i>Chairs: F. Goutard (Cirad, Thailand) and T. Vergne (ENVT, France)</i>	<i>Amphi. 206 (Bât. 9)</i>
09:15-09:50	• <b>Keynote session 1 - Integrated One Health surveillance and response systems in resource-poor countries</b> <i>E. Schelling (STPH, Switzerland)</i>	
09:50-11:05	<b>Selected oral presentations</b> • <b>S1-OC25 - Evaluation of integrated surveillance: sociological approach</b> <i>D. Nguyen Thi (Vietnam National University of Agriculture, Vietnam)</i> • <b>S1-OC26 - Factors Associated Animal Diseases and Abnormal Cases Reporting in Disease Surveillance by PODD Project's Volunteer in Chiang Mai Province, Thailand</b> <i>S. Pattamakaew (PODD Project, Thailand)</i> • <b>S1-OC27 - Characterisation and evaluation of collaborations within a One Health surveillance system</b> <i>M. Bordier (Cirad, Vietnam)</i> • <b>S1-OC28 - One Health surveillance systems for antimicrobial resistance: An evaluation approach based on the Canadian experience</b> - C. Aenishaenslin (University of Montreal, Canada) • <b>S1-OC29 - An integrated, participatory, risk based approach to control of human and livestock brucellosis in African farming systems</b> - C. McCrindle (University of Pretoria, South Africa)	
11:05-11:15	<b>Selected short oral presentations</b> • <b>S1-SO21 - Risk of Nipah virus emergence in Cambodia: Integrated research to inform integrated surveillance</b> <i>R. Duboz (Cirad, Institut Pasteur, Cambodia)</i> • <b>S1-SO22 - How can the level of integration be measured in a One Health surveillance system for antimicrobial resistance?</b> - C. Aenishaenslin (University of Montreal, Canada) • <b>S1-SO23 - Developing an integrated surveillance system for zoonoses in western Kenya</b> <i>L. Falzon (University of Liverpool, UK)</i>	
11:15-11:40	<b>Coffee break - Visit of exhibition - Poster session</b> <b>Group photo</b>	<i>Hall d'Honneur (Bât. 9)</i>
11:40-13:30	<b>SESSION 2 - Research and surveillance policies</b> <i>Chairs: M. Peyre (Cirad, France) and N. Antoine-Moussiaux (University of Liège, Belgium)</i>	<i>Amphi. 206 (Bât. 9)</i>
11:40-12:15	• <b>Keynote session 2</b> <b>Exploring drivers and constraints to evidence-based change in animal health surveillance systems</b> <i>A. Lindberg (SVA, Sweden)</i>	
12:15-13:15	<b>Selected oral presentations</b> • <b>S2-OC30 - Economics - Valuing health surveillance as an information system: interdisciplinary insights</b> <i>N. Antoine-Moussiaux (University of Liège, Belgium)</i> • <b>S2-OC31 - Bottom-up approach - How local socio-economic and cultural factors shape animal health surveillance and control programs</b> - M. Peyre (Cirad, France)	

.../...

.../...	<p><b>Selected oral presentations</b></p> <ul style="list-style-type: none"> <li>• <b>S2-OC32 - Participatory co-development - Improving neglected diseases' management in a One health framework: a case study about parasitic zoonoses surveillance in Laos</b> <i>V. Putthana (Faculty of Agriculture - NUOL, Laos)</i></li> <li>• <b>S2-OC33 - Harmonised decision-making - STOC free: An innovative framework to compare probability of freedom from disease in heterogeneous control programmes</b> <i>G. Van Schaik (GD Animal Health, The Netherlands)</i></li> </ul>	
13:15-13:30	<p><b>Selected short oral presentations</b></p> <ul style="list-style-type: none"> <li>• <b>S2-SO24 - Prioritization of wild bird species and location for avian influenza virus surveillance in Cuba</b> <i>P. Alfonso (National Center for Animal and Plant Health, Cuba)</i></li> <li>• <b>S2-SO25 - Determining the financial impact of disease where diagnostic information is incomplete: losses from the clinically-diagnosed tropical Blackleg on large ruminant farmers in Laos</b> <i>S. Nampanya (Sydney School of Vet Science, Australia)</i></li> </ul>	
13:30-14:30	<p><b>Lunch</b></p> <p><b>Visit of exhibition - Poster session</b></p>	<p><i>Espace Platanes (Bât. 9)</i></p> <p><i>Hall d'Honneur (Bât. 9)</i></p>
14:30-16:00	<p><b>Brainstorming sessions 1 &amp; 2, needs and gaps in innovation related to : Integrated surveillance / Research and surveillance policies</b></p>	
16:00-16:30	<p><b>Coffee break - Visit of exhibition - Poster session</b></p>	<p><i>Hall d'Honneur (Bât. 9)</i></p>
16:30-17:00	<p><b>Day 1 closure</b></p>	

## PROGRAM - THURSDAY 17 MAY

08:00-09:00 **Registration and Welcome coffee**[\*Hall d'Honneur \(Bât. 9\)\*](#)

## PARALLEL SESSIONS

09:00-11:00

**SESSION 3 - Surveillance design and big data**[\*Amphi. Lamour \(Bât. 9\)\*](#)*Chairs: P. Hendriks (ANSES, France) and V.-J. Del Rio Vilas (University of Surrey, UK)*

09:00-09:40

• **Keynote session 3****Syndromic surveillance, big data, you and me!***L. Jossieran (Université de Versailles St-Quentin/Hôpital Raymond Poincaré APHP, France)*

09:40-10:40

**Selected oral presentations**

- **S3-OC34 - Field implementation of a syndromic surveillance in animal health: feedback of the five-year pilot French experience with OMAR**

*C. Sala (ANSES, France)*

- **S3-OC35 - Complex System Methods for Animal Health Surveillance**

*J. Berezowski (University of Bern, Switzerland)*

- **S3-OC36 - Spatiotemporal joint models towards integrated zoonoses surveillance: applications to tularemia in Finland and visceral leishmaniasis in Brazil**

*V.-J. Del Rio Vilas (University of Surrey, UK)*

- **S3-OC37 - ISIKHNAS surveillance system: more than just a digital surveillance system**

*Dr. M. M. Hidayat (Ministry of Agriculture-Directorate General of Livestock and Animal Health Services, Indonesia)*

10:40-11:00

**Selected short oral presentations**

- **S3-SO26 - Integrating surveillance systems within an animal industry: an approach based on a combination of evaluation methods and a stakeholders participatory workshop**

*J.-P. Amat (ANSES, France)*

- **S3-SO27 - Antimicrobial usage surveillance of cattle in Indonesia to address antimicrobial resistance**

*H. Yusuf (University of Airlangga, Indonesia)*

09:00-11:00

**SESSION 4 - Surveillance of Vectors & VBDs**[\*Amphi 206 \(Bât. 9\)\*](#)*Chairs: T. Baldet (Cirad, France) and D. Roiz (IRD, France)*

09:00-09:40

• **Keynote session 4****Vector-borne disease intelligence: strategies to deal with disease burden and threats***M. Braks (National Institute of Public Health, The Netherlands)*

09:40-10:40

**Selected oral presentations**

- **S4-OC38 - Surveillance of ticks & tick-borne diseases in Europe: *Ixodes ricinus* transmitted pathogens**

*A.-P. Rizzoli (Fondazione Edmund Mach, Italy)*

- **S4-OC39 - Surveillance of invasive *Culicoides* in Europe: Lessons from the Past and Ideas for the Future**

*S. Carpenter (IAH, UK)*

- **S4-OC40 - Mosquito Alert: three years tracking disease-vector mosquitoes in Spain with the help of citizen science**

*F. Bartumeus (CEAB-CSIC, Spain)*

- **S4-OC41 - *Aedes* Mosquito-borne diseases surveillance in West Africa : challenges & recommendations**

*M. Diallo (Institut Pasteur, Senegal)*

.../...

10:40-11:00	<b>Selected short oral presentations</b>	
	<ul style="list-style-type: none"> <li>• <b>S4-SO28 - Assessment of arbovirus transmission risk based on <i>Stegomyia</i> indices in cities of Burkina Faso, West Africa located on a railway transect</b> <i>K. R. Dabire (IRSS/Centre Muraz, Burkina Faso)</i></li> <li>• <b>S4-SO29 - Monitoring seasonality of <i>Aedes albopictus</i> eggs in North and South Coast of Albania during 2015</b> <i>V. Jani (Institute of Public Health, Albania)</i></li> <li>• <b>S4-SO30 - Four years of malaria entomological surveillance in sentinel site of the northern region of Cameroon</b> <i>R. Tabue Ngomdjum (National Malaria Control Program MoH, Cameroon)</i></li> <li>• <b>S4-SO31 - Potential of <i>Aedes albopictus</i> as bridge vector at urban-forest interface in Brazil</b> <i>T. Pereira dos Santos (IRD, Brasil)</i></li> </ul>	

11:00-11:30	<b>Coffee break - Visit of exhibition - Poster session</b>	<i>Hall d'Honneur (Bât. 9)</i>
-------------	--	--------------------------------

### PARALLEL SESSIONS

11:30-13:00	<b>Brainstorming session 3, needs and gaps in innovation related to : Surveillance design and big data</b>	
-------------	--	--

11:30-13:00	<b>Brainstorming session 4, needs and gaps in innovation related to : Surveillance of Vectors &amp; VBDs</b>	
-------------	--	--

13:00-14:00	<b>Lunch</b>	<i>Espace Platanes (Bât. 9)</i>
	<b>Visit of exhibition - Poster session</b>	<i>Hall d'Honneur (Bât. 9)</i>

14:00-19:00	<b>Field trip to Camargue's Regional Natural Park</b>	
-------------	---	--

19:00-22:00	<b>Official Gala Dinner InnovSur (Camargue)</b>	<i>Restaurant near Saintes-Maries-de-la-Mer</i>
-------------	---	---

### PROGRAM - FRIDAY 18 MAY

09:00-09:30	<b>Welcome coffee</b>	<i>Hall d'Honneur (Bât. 9)</i>
-------------	-----------------------	--------------------------------

09:30-10:30	<b>Feedback from brainstorming sessions 1, 2, 3 &amp; 4</b>	<i>Amphi. 206 (Bât. 9)</i>
-------------	---	----------------------------

10:30-11:00	<b>Wrap-up Keynote presentation Lessons learned from InnovSur Forum</b> <i>Isabelle Dieuzy-Labaye (OIE, France)</i>	
-------------	--	--

11:00-11:30	<b>Coffee break - Visit of exhibition - Poster session</b>	<i>Hall d'Honneur (Bât. 9)</i>
-------------	--	--------------------------------

11:30-12:45	<b>Expert panel, from research to policy action in surveillance : challenges in the era of big data</b> <b>Facilitator:</b> <i>M. Peyre (Cirad, France)</i>	<i>Amphi. 206 (Bât. 9)</i>
	<ul style="list-style-type: none"> <li>• <i>V.-J. Del Rio Vilas (University of Surrey, UK)</i></li> <li>• <i>I. Dieuzy-Labaye (OIE, France)</i></li> <li>• <i>F. Goutard (Cirad, Thailand)</i></li> <li>• <i>A. Lindberg (SVA, Sweden)</i></li> <li>• <i>G. Van Schaik (GD Animal Health, The Netherlands)</i></li> </ul>	

12:45-13:00	<b>InnovSur closure</b>	
-------------	-------------------------	--

13:00-14:00	<b>Brown bag Lunch</b>	
-------------	------------------------	--
