

# Veterinary Clinical Pathologist

 Location: Massy, France

 Diploma : ECVCP/ACVCP

 Clinical Pathology, Cytology

 Long terme contract

 Expérience preferred

 Ref

Cerbavet is a highly specialized veterinary diagnostic laboratory who provides a very large panel of analysis (histopathology, cytology, immunohistochemistry, microbiology, haematology, serology,...) and medical advice to veterinary practices. More than 30 veterinarians, technicians and veterinary assistants work in the different departments.

Located in Massy, near the Paris Orly Airport, Cerba Vet is member of the Cerba HealthCare Group: more than **8000 collaborators** around the world.

This position offers a challenging opportunity for a qualified veterinary pathologist to join our enthusiastic team with long term perspective.

## Primary Duties and Responsibilities:

- ✓ Interpretation of cytological specimens and provision of high quality reports for veterinarians
- ✓ Advice to clients regarding interpretation of laboratory data and further clinical issues
- ✓ Interact with and advise the scientific staff in cytology techniques

## Qualifications and skills:

Applicants must be Board certified by the American or European College of Veterinary Clinical Pathologists (ACVCP or ECVCP) or Board eligible. Excellent written and interpersonal communication skills are required. Candidates must also be fluent in French.
